

This layout was generated by Ken VanBree with input from the All Saints Men's Group.

This matches the layout used for the All Saints Christmas Dinner 2003 with improvements suggested by the men's group.

The Hors d'oeuvre table was moved away from the wall for double sided access.

Coffee/Tea is a separate table located at an electrical outlet

One of the buffet tables should be cleared and set up as a dessert table after the majority of people have been served.

Desserts should be stored in the kitchen until after dinner is served.
